Given for Clubs and Single Sub- CUT scribers.

AN UNEQUALED ARRAY OF OPPORTUNITIES.

FERE is a series of articles of the highest merit, which we will give all our friends the opportunity of obtaining in the easiest possible way. Our object in offering these splendid premiums is to reward our club raisers.

We have been at great trouble and expense in making up this list of premiums. We have had two prime considerations in view as to the character of the articles: First, we have accepted nothing but the very best things; and, second, we have insisted upon arrangements direct with the manufacturers at the very lowest rates, so as to be able to give our subscribers the advantage of the lowest possible offers.

We have accepted no cheap-grade jewelry. There is no so-called alluminium gold, fire gilt, oryide, etc., which is simply polished brass, but everything in the list is of a class we can warrant exactly as represented.

We have also demanded and secured from the manufacturers only the latest and most fashionable styles.

We expect that every subscriber will find something he or s'te will want, and will send us the club required and get it.

We mean, of course, in each case where we say clubs or subscribers, subscribers to THE NATIONAL TELBUNE for one year, and the full price of the paper, viz, \$1 a year for each subscriber, must accompany the name sent.

Write all addresses very plainly, giving full name, Postoffice, County and State. Much trouble is saved by never omitting the County, because there are so many postoffices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example.

In ordering, be particular to give the number of the article as well as the name. The best way to send money is by Postoffice Money Order, in which case it may be sent at our risk.

If your local Postoffice is not a money-order office, the best way is to register your letter. Money may also be safely sent by Express Money Order or Bank Drafts. Do not send local bank checks. Remember also that postal notes are no safer than money or stamps inclosed in an envelope, being cashed by anyone into whose hands they may fall. Postage stamps are a drug, and, while taken, are very inconvenient, because we have more now than we can use, and the Government does not redeem them. In all cases address

WATCH-NOT A TOY!

Any Jeweler Can Take it Apart and Put it Up Again!

HE "TRENTON" is the best Watch, for the money, in the world. Jewelers and experts have been puzzled and astonished by its elegant appearance and perfect time-keeping qualities. It is the result of Yankee genius and years of labor combined. This watch is a marvel for accuracy and cheapness, and we can now, for the first time in the history of watchmaking, offer our subscribers a cheap Watch, which, as a timekeeper, is equal in all respects to the best made anywhere, and is superior to any other cheap watch. The "Trenton" has a jeweled balance, removable without taking off the top plate, is a stem wind and stem set,

with back ratchet. It is a three-quarter plate, with quick train (18,000 beats per hour.) All the movements are carefully regulated and inspected before leaving the factory. The "Diamond Silver Case," in which the works are placed, is the best combination of Silwer and Nickel over used. It is worth more than pure silver, and is better. They are solid, not placed, and will wear the same until worn through to the movement. The snap back will keep out the dust and dirt, and is a dust-proof case, thus avoiding the expense and bother of cleaning

THE TEENTON is no experiment. It is an assured success, and pronounced so by all who have seen it. THE WATCH for the million.

The gold filled 14-caret is just as good for wear and looks for 20 years as the solid POINTS TO REMEMBER. (1) A gold-filled watch-case is made by

rolling two heavy plates of gold upon a sheet of fine composition metal, and for the time it is guaranteed it cannot be told from a solid gold case. (2) We are selling these watches for the

benefit of our subscribers, or those who may wish to subscribe. (3) We can furnish any kind of watches or watch-cases, and we will quote prices on receipt of letter inclosing stamp.

(4) These offers are subject to one condition—that is, that we may send a watch of the same grade from one of the factories at Waltham or Elgin, whichever we may choose. If the subscriber orders either watch specially he must inclose \$1 extra. The reason is that one of the factories may be short of a certain grade of movement for weeks, and thus we are put to much unnecessary trouble and expense, while the subscriber often experiences considerable delay in getting what he ordered.

In ordering any of the above watches be sure and mention the number of the Special Offer, and state whether you want Ladies' or Men's Size, and give price.
